SECTION 2 - INTRODUCTION

Please refer to the Plan Overview Eligibility guidelines.

SECTION 3 - HOW THE PLAN WORKS

What this section includes:

- Benefits;
- Eligible Expenses;
- Annual Deductible;
- Coinsurance; and
- Out-of-Pocket Maximum.

Benefits

As a participant in this Plan, you have the freedom to choose the Physician or health care professional you prefer each time you need to receive Covered Health Services. The choices you make affect the amounts you pay.

Eligible Expenses

Lowe's Companies, Inc. has delegated to UnitedHealthcare the discretion and authority to decide whether a treatment or supply is a Covered Health Service and how the Eligible Expenses will be determined and otherwise covered under the Plan.

Eligible Expenses are the amount UnitedHealthcare determines that UnitedHealthcare will pay for Benefits. Providers may request that you pay all charges when services are rendered. You must file a claim with UnitedHealthcare for reimbursement of Eligible Expenses. Eligible Expenses are determined solely in accordance with UnitedHealthcare's reimbursement policy guidelines, as described in the SPD.

Eligible Expenses are based on the following:

- When Covered Health Services are received from a provider that has agreed to participate in a Plan that does not offer a network of participating providers, Eligible Expenses are UnitedHealthcare's contracted fee(s) with that provider.
- When Covered Health Services are received from a provider as a result of an Emergency or as arranged by the Claims Administrator, Eligible Expenses are billed charges unless a lower amount is negotiated or authorized by law.
- When Covered Health Services are received from a non-Network provider, Eligible Expenses are determined, based on:
 - ◆ For Covered Health Services other than Pharmaceutical Products, Eligible Expenses are determined based on available data resources of competitive fees in that geographic area.
 - ◆ For Mental Health Services and Substance Use Disorder Services the Eligible Expense will be reduced by 25% for Covered Health Services provided by a psychologist and by 35% for Covered Health Services provided by a master's level counselor.

- ◆ When Covered Health Services are Pharmaceutical Products, Eligible Expenses are determined based on 110% of the published rates allowed by the *Centers for Medicare and Medicaid Services (CMS) for Medicare* for the same or similar service within the geographic market.

When a rate is not published by *CMS* for the service, UnitedHealthcare uses a gap methodology established by *OptumInsight* and/or a third party vendor that uses a relative value scale. The relative value scale is usually based on the difficulty, time, work, risk and resources of the service. If the relative value scale currently in use becomes no longer available, UnitedHealthcare will use a comparable scale(s). UnitedHealthcare and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to UnitedHealthcare's website at **www.myuhc.com** for information regarding the vendor that provides the applicable gap fill relative value scale information.

IMPORTANT NOTICE: Providers may bill you for any difference between the provider's billed charges and the Eligible Expense described here.

Don't Forget Your ID Card

Remember to show your UnitedHealthcare ID card every time you receive health care services from a provider. If you do not show your ID card, a provider has no way of knowing that you are enrolled under the Plan.

Annual Deductible

The Annual Deductible is the amount of Eligible Expenses you must pay each calendar year for Covered Health Services before you are eligible to begin receiving Benefits. The amounts you pay toward your Annual Deductible accumulate over the course of the calendar year.

The Annual Deductible applies to all Covered Health Services under the Plan, including covered health services provided under your separate prescription drug coverage.

Amounts paid toward the Annual Deductible for Covered Health Services that are subject to a visit or day limit will also be calculated against that maximum benefit limit. As a result, the limited benefit will be reduced by the number of days or visits you used toward meeting the Annual Deductible.

Coinsurance

Coinsurance is the percentage of Eligible Expenses that you are responsible for paying. Coinsurance is a fixed percentage that applies to certain Covered Health Services after you meet the Annual Deductible.

Coinsurance – Example

Let's assume that you receive Plan Benefits for outpatient surgery from a provider. Since the Plan pays 50% after you meet the Annual Deductible, you are responsible for paying the other 50%. This 50% is your Coinsurance.

Out-of-Pocket Maximum

The annual Out-of-Pocket Maximum is the most you pay each calendar year for Covered Health Services. If your eligible out-of-pocket expenses in a calendar year exceed the annual maximum, the Plan pays 100% of Eligible Expenses for Covered Health Services through the end of the calendar year.

The Out-of-Pocket Maximum applies to all Covered Health Services under the Plan, including covered health services provided under your separate prescription drug coverage.

The following table identifies what does and does not apply toward your Out-of-Pocket Maximum:

Plan Features	Applies to the Out-of-Pocket Maximum?
Payments toward the Annual Deductible	Yes
Coinsurance payments, even those expenses (including Copayments) you incur under the separate prescription drug plan administered by Caremark	Yes
Charges for non-Covered Health Services	No
Charges that exceed Eligible Expenses	No

²These Benefits are for Covered Health Services provided through CRS at a Designated Facility. For oncology services not provided through CRS, the Plan pays Benefits as described under *Physician's Office Services – Sickness and Injury, Physician Fees for Surgical and Medical Services, Hospital - Inpatient Stay, Surgery - Outpatient, Scopic Procedures - Outpatient Diagnostic and Therapeutic, Lab, X-Ray and Diagnostics – Outpatient, and Lab, X-Ray and Major Diagnostics – CT, PET, MRI, MRA and Nuclear Medicine – Outpatient.*

SECTION 5 - ADDITIONAL COVERAGE DETAILS

What this section includes:

- Covered Health Services for which the Plan pays Benefits.

This section supplements the second table in Section 4, *Plan Highlights*.

While the table provides you with Benefit limitations along with Coinsurance and Annual Deductible information for each Covered Health Service, this section includes descriptions of the Benefits. These descriptions include any additional limitations that may apply. The Covered Health Services in this section appear in the same order as they do in the table for easy reference. Services that are not covered are described in Section 7, *Exclusions*.

Ambulance Services

The Plan covers Emergency ambulance services and transportation provided by a licensed ambulance service to the nearest Hospital that offers Emergency Health Services. See Section 13, *Glossary* for the definition of Emergency.

Ambulance service by air is covered in an Emergency if ground transportation is impossible, or would put your life or health in serious jeopardy. If special circumstances exist, UnitedHealthcare may pay Benefits for Emergency air transportation to a Hospital that is not the closest facility to provide Emergency Health Services.

The Plan also covers transportation provided by a licensed professional ambulance (either ground or air ambulance, as UnitedHealthcare determines appropriate) between facilities when the transport is:

- to a Hospital that provides a higher level of care that was not available at the original Hospital;
- to a more cost-effective acute care facility; or
- from an acute facility to a sub-acute setting.

Cancer Resource Services (CRS)

The Plan pays Benefits for oncology services provided by Designated Facilities participating in the Cancer Resource Services (CRS) program. Designated Facility is defined in Section 13, *Glossary*.

For oncology services and supplies to be considered Covered Health Services, they must be provided to treat a condition that has a primary or suspected diagnosis relating to cancer. If you or a covered Dependent has cancer, you may:

- call CRS toll-free at (866) 936-6002; or
- visit www.myoptumhealthcomplexmedical.com.

To receive Benefits for a cancer-related treatment, you are not required to visit a Designated Facility. If you receive oncology services from a facility that is not a Designated Facility, the Plan pays Benefits as described under:

- Physician's Office Services - Sickness and Injury;
- Physician Fees for Surgical and Medical Services;
- Scopic Procedures - Outpatient Diagnostic and Therapeutic;
- Therapeutic Treatments - Outpatient;
- Hospital - Inpatient Stay; and
- Surgery - Outpatient.

Note: The services described under *Travel and Lodging* are Covered Health Services only in connection with cancer-related services received at a Designated Facility.

To receive Benefits under the CRS program, you must contact CRS prior to obtaining Covered Health Services. The Plan will only pay Benefits under the CRS program if CRS provides the proper authorization to the Designated Facility provider performing the services (even if you self-refer to a provider in that Network).

Clinical Trials

Benefits are available for routine patient care costs incurred during participation in a qualifying Clinical Trial for the treatment of:

- cancer or other life-threatening disease or condition. For purposes of this benefit, a life-threatening disease or condition is one from which the likelihood of death is probable unless the course of the disease or condition is interrupted;
- cardiovascular disease (cardiac/stroke) which is not life threatening, for which, as UnitedHealthcare determines, a Clinical Trial meets the qualifying Clinical Trial criteria stated below;
- surgical musculoskeletal disorders of the spine, hip and knees, which are not life threatening, for which, as UnitedHealthcare determines, a Clinical Trial meets the qualifying Clinical Trial criteria stated below; and
- other diseases or disorders which are not life threatening for which, as UnitedHealthcare determines, a Clinical Trial meets the qualifying Clinical Trial criteria stated below.

Benefits include the reasonable and necessary items and services used to prevent, diagnose and treat complications arising from participation in a qualifying Clinical Trial.

Benefits are available only when the Covered Person is clinically eligible for participation in the qualifying Clinical Trial as defined by the researcher.

Routine patient care costs for qualifying Clinical Trials include:

- Covered Health Services for which Benefits are typically provided absent a Clinical Trial;
- Covered Health Services required solely for the provision of the investigational item or service, the clinically appropriate monitoring of the effects of the item or service, or the prevention of complications; and
- Covered Health Services needed for reasonable and necessary care arising from the provision of an Investigational item or service.

Routine costs for Clinical Trials do not include:

- the Experimental or Investigational Service or item. The only exceptions to this are:
 - certain Category B devices;
 - certain promising interventions for patients with terminal illnesses; and
 - other items and services that meet specified criteria in accordance with our medical and drug policies;
- items and services provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient;
- a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis; and
- items and services provided by the research sponsors free of charge for any person enrolled in the trial.

With respect to cancer or other life-threatening diseases or conditions, a qualifying Clinical Trial is a Phase I, Phase II, Phase III, or Phase IV Clinical Trial that is conducted in relation to the prevention, detection or treatment of cancer or other life-threatening disease or condition and which meets any of the following criteria in the bulleted list below.

With respect to cardiovascular disease or musculoskeletal disorders of the spine and hip and knees and other diseases or disorders which are not life-threatening, a qualifying Clinical Trial is a Phase I, Phase II, or Phase III Clinical Trial that is conducted in relation to the detection or treatment of such non-life-threatening disease or disorder and which meets any of the following criteria in the bulleted list below.

- Federally funded trials. The study or investigation is approved or funded (which may include funding through in-kind contributions) by one or more of the following:
 - National Institutes of Health (NIH). (Includes National Cancer Institute (NCI));
 - Centers for Disease Control and Prevention (CDC);
 - Agency for Healthcare Research and Quality (AHRQ);
 - Centers for Medicare and Medicaid Services (CMS);
 - a cooperative group or center of any of the entities described above or the Department of Defense (DOD) or the Veterans Administration (VA);
 - a qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants; or

- The Department of Veterans Affairs, the Department of Defense or the Department of Energy as long as the study or investigation has been reviewed and approved through a system of peer review that is determined by the Secretary of Health and Human Services to meet both of the following criteria:
 - ◆ comparable to the system of peer review of studies and investigations used by the National Institutes of Health; and
 - ◆ ensures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.
- the study or investigation is conducted under an investigational new drug application reviewed by the U.S. Food and Drug Administration;
- the study or investigation is a drug trial that is exempt from having such an investigational new drug application;
- the Clinical Trial must have a written protocol that describes a scientifically sound study and have been approved by all relevant institutional review boards (IRBs) before participants are enrolled in the trial. UnitedHealthcare may, at any time, request documentation about the trial; or
- the subject or purpose of the trial must be the evaluation of an item or service that meets the definition of a Covered Health Service and is not otherwise excluded under the Plan.

Congenital Heart Disease (CHD) Surgeries

The Plan pays Benefits for Congenital heart disease (CHD) surgeries which are ordered by a Physician. CHD surgical procedures include surgeries to treat conditions such as coarctation of the aorta, aortic stenosis, tetralogy of fallot, transposition of the great vessels and hypoplastic left or right heart syndrome.

UnitedHealthcare has specific guidelines regarding Benefits for CHD services. Contact United Resource Networks at (888) 936-7246 at the toll-free number on your ID card for information about these guidelines.

The Plan pays Benefits for Congenital Heart Disease (CHD) services ordered by a Physician and received at a CHD Resource Services program facility. Benefits include the facility charge and the charge for supplies and equipment. Benefits are available for the following CHD services:

- outpatient diagnostic testing;
- evaluation;
- surgical interventions;
- interventional cardiac catheterizations (insertion of a tubular device in the heart);
- fetal echocardiograms (examination, measurement and diagnosis of the heart using ultrasound technology); and
- approved fetal interventions.

At UnitedHealthcare's discretion, replacements are covered for damage beyond repair with normal wear and tear, when repair costs exceed new purchase price, or when a change in the Covered Person's medical condition occurs sooner than the three-year timeframe. Repairs, including the replacement of essential accessories, such as hoses, tubes, mouth pieces, etc., for necessary DME are only covered when required to make the item/device serviceable and the estimated repair expense does not exceed the cost of purchasing or renting another item/device. Benefits are provided for intensive behavioral therapies (educational/behavioral services that are focused on primarily building skills and capabilities in communication, social interaction and learning such as *Applied Behavioral Analysis (ABA)*).

For assistance with these services, including referrals to providers and coordination of care, you or your provider should call the number on your ID card. A care advocate will take your information and have an autism specialist call you or your provider. The specialist will

discuss services being requested; explain Benefits and what services are covered under the Plan. The autism specialist may also review detailed treatment plans from the treating provider for both initial and ongoing treatment. At a minimum, treatment plans are reviewed every six months by the autism specialist for progress and appropriateness of care.

Benefits are available for obesity surgery services that meet the definition of a Covered Health Service, as defined in Section 13, *Glossary* and are not Experimental or Investigational or Unproven Services.

Benefits are limited to one surgery per lifetime unless there are complications to the covered surgery. **Note:** Benefits will not be provided for a subsequent surgery for complications related to a covered surgical procedure for morbid obesity, if the complications arise from non-compliance with medical recommendations regarding patient activity and lifestyle following the procedure.

You will have access to a certain Network of Designated Facilities and Physicians participating in the Bariatric Resource Services (BRS) program, as defined in Section 13, *Glossary*, for obesity surgery services.

Examples of what would be included under this category are antibiotic injections in the Physician's office or inhaled medication in an Urgent Care Center for treatment of an asthma attack.

Benefits under this section are provided only for Pharmaceutical Products which, due to their characteristics (as determined by UnitedHealthcare), must typically be administered or directly supervised by a qualified provider or licensed/certified health professional. Benefits

under this section do not include medications that are typically available by prescription order or refill at a pharmacy.

Botulinum toxin (such as Botox[®]) is covered for treatment or prevention of chronic migraines when all of the following criteria are met:

- the Covered Person is an adult patient who meets the criteria for chronic migraine headaches (ICHO-2);
- symptoms persist despite a trial of at least two agents used to prevent or reduce migraine frequency representing different classes of these medications. (**Note:** Patients who have contraindication to preventive medications are not required to undergo a trial of these agents.);

Covered Health Services include genetic counseling. Benefits are available for Genetic Testing which is ordered by a Physician.

Benefits for preventive services are described under *Preventive Care Services* in this section.

When a test is performed or a sample is drawn in the Physician's office and then sent outside the Physician's office for analysis or testing, Benefits for lab, radiology/x-rays and other diagnostic services that are performed outside the Physician's office are described in *Lab, X-ray and Diagnostics - Outpatient*.

Please Note

Your Physician does not have a copy of your SPD, and is not responsible for knowing or communicating your Benefits.

Pregnancy - Maternity Services

Benefits for Pregnancy will be paid at the same level as Benefits for any other condition, Sickness or Injury. This includes all maternity-related medical services for prenatal care, postnatal care, delivery, and any related complications.

The Plan will pay Benefits for an Inpatient Stay of at least:

- 48 hours for the mother and newborn child following a vaginal delivery; or
- 96 hours for the mother and newborn child following a cesarean section delivery.

These are federally mandated requirements under the Newborns' and Mothers' Health Protection Act of 1996 which apply to this Plan. The Hospital or other provider is not required to get authorization for the time periods stated above. If the mother agrees, the attending Physician may discharge the mother and/or the newborn child earlier than these minimum timeframes.

Both before and during a Pregnancy, Benefits include the services of a genetic counselor when provided or referred by a Physician. These Benefits are available to all Covered Persons in the immediate family. Covered Health Services include related tests and treatment.

Healthy moms and babies

The Plan provides a special prenatal program to help during Pregnancy. Participation is voluntary and free of charge. See Section 7, *Resources to Help You Stay Healthy*, for details.

Preventive Care Services

The Plan pays Benefits for Preventive care services provided on an outpatient basis at a Physician's office, an Alternate Facility or a Hospital. Preventive care services encompass medical services that have been demonstrated by clinical evidence to be safe and effective in either the early detection of disease or in the prevention of disease, have been proven to have a beneficial effect on health outcomes and include the following as required under applicable law:

- evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force;
- immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention;
- with respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration; and
- with respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.

Preventive care Benefits defined under the Health Resources and Services Administration (HRSA) requirement include the cost of renting one breast pump per Pregnancy in conjunction with childbirth. Benefits for breast pumps also include the cost of purchasing one breast pump per Pregnancy in conjunction with childbirth.

If more than one breast pump can meet your needs, Benefits are available only for the most cost effective pump. UnitedHealthcare will determine the following:

- which pump is the most cost effective;
- whether the pump should be purchased or rented;
- duration of a rental; and
- timing of an acquisition.

Benefits are only available if breast pumps are obtained from a DME provider or Physician.

In addition, Benefits are provided as follows if not included in the above guidelines:

- fecal occult blood test every calendar year;
- routine vision exam every calendar year;
- hearing sensory screening;
- shingles vaccine, not subject to age restrictions; and
- sigmoidoscopy, double contrast barium enema and colonoscopy, not subject to age restrictions.

For questions about your preventive care Benefits under this Plan call the number on the back of your ID card.

Private Duty Nursing - Outpatient

The Plan covers Private Duty Nursing care given on an outpatient basis by a licensed nurse such as a Registered Nurse (R.N.), Licensed Practical Nurse (L.P.N.), or Licensed Vocational Nurse (L.V.N.).

Benefits are limited to 70 visits per calendar year. One visit equals eight hours of Skilled Care services.

Prosthetic Devices

Benefits are paid by the Plan for prosthetic devices and appliances that replace a limb or body part, or help an impaired limb or body part work. Examples include, but are not limited to:

- artificial arms, legs, feet and hands;
- artificial face, eyes, ears and nose; and

- breast prosthesis following mastectomy as required by the Women's Health and Cancer Rights Act of 1998, including mastectomy bras and lymphedema stockings for the arm.

Benefits under this section are provided only for external prosthetic devices and do not include any device that is fully implanted into the body.

If more than one prosthetic device can meet your functional needs, Benefits are available only for the most Cost-Effective prosthetic device. The device must be ordered or provided either by a Physician, or under a Physician's direction. If you purchase a prosthetic device that exceeds these minimum specifications, the Plan may pay only the amount that it would have paid for the prosthetic that meets the minimum specifications, and you may be responsible for paying any difference in cost.

Benefits are provided for the replacement of a type of prosthetic device once every three calendar years.

At UnitedHealthcare's discretion, prosthetic devices may be covered for damage beyond repair with normal wear and tear, when repair costs are less than the cost of replacement or when a change in the Covered Person's medical condition occurs sooner than the three-year timeframe. Replacement of artificial limbs or any part of such devices may be covered when the condition of the device or part requires repairs that cost more than the cost of a replacement device or part.

Note: Prosthetic devices are different from DME - see *Durable Medical Equipment (DME)* in this section.

Reconstructive Procedures

Reconstructive Procedures are services performed when the primary purpose of the procedure is either to treat a medical condition or to improve or restore physiologic function for an organ or body part. Reconstructive procedures include surgery or other procedures which are associated with an Injury, Sickness or Congenital Anomaly. The primary result of the procedure is not a changed or improved physical appearance.

Improving or restoring physiologic function means that the organ or body part is made to work better. An example of a Reconstructive Procedure is surgery on the inside of the nose so that a person's breathing can be improved or restored.

Benefits for Reconstructive Procedures include breast reconstruction following a mastectomy and reconstruction of the non-affected breast to achieve symmetry. Replacement of an existing breast implant is covered by the Plan if the initial breast implant followed mastectomy. Other services required by the Women's Health and Cancer Rights Act of 1998, including breast prostheses and treatment of complications, are provided in the same manner and at the same level as those for any other Covered Health Service. You can contact UnitedHealthcare at the telephone number on your ID card for more information about Benefits for mastectomy-related services.

There may be times when the primary purpose of a procedure is to make a body part work better. However, in other situations, the purpose of the same procedure is to improve the

appearance of a body part. Cosmetic procedures are excluded from coverage. Procedures that correct an anatomical Congenital Anomaly without improving or restoring physiologic function are considered Cosmetic Procedures. A good example is upper eyelid surgery. At times, this procedure will be done to improve vision, which is considered a Reconstructive Procedure. In other cases, improvement in appearance is the primary intended purpose, which is considered a Cosmetic Procedure. This Plan does not provide Benefits for Cosmetic Procedures, as defined in Section 13, *Glossary*.

The fact that a Covered Person may suffer psychological consequences or socially avoidant behavior as a result of an Injury, Sickness or Congenital Anomaly does not classify surgery (or other procedures done to relieve such consequences or behavior) as a reconstructive procedure.

Rehabilitation Services - Outpatient Therapy and Manipulative Treatment

The Plan provides short-term outpatient rehabilitation services (including habilitative services) limited to:

- physical therapy;
- occupational therapy;
- speech therapy;
- post-cochlear implant aural therapy;
- vision therapy;
- Manipulative Treatment;
- cognitive rehabilitation therapy following a post-traumatic brain Injury or cerebral vascular accident;
- pulmonary rehabilitation; and
- cardiac rehabilitation.

For all rehabilitation services, a licensed therapy provider, under the direction of a Physician, (when required by state law) must perform the services. Benefits under this section include rehabilitation services provided in a Physician's office or on an outpatient basis at a Hospital or Alternate Facility.

Benefits can be denied or shortened for Covered Persons who are not progressing in goal-directed rehabilitation services or if rehabilitation goals have previously been met. Benefits can be denied or shortened for Covered Persons who are not progressing in goal-directed Manipulative Treatment or if treatment goals have previously been met. Benefits under this section are not available for maintenance/preventive Manipulative Treatment.

Habilitative Services

Benefits are provided for habilitative services provided for Covered Persons with a disabling condition when both of the following conditions are met:

- The treatment is administered by a licensed speech-language pathologist, licensed audiologist, licensed occupational therapist, licensed physical therapist, Physician, licensed nutritionist, licensed social worker or licensed psychologist.
- The initial or continued treatment must be proven and not Experimental or Investigational.

Benefits for habilitative services do not apply to those services that are solely educational in nature or otherwise paid under state or federal law for purely educational services. Custodial Care, respite care, day care, therapeutic recreation, vocational training and residential treatment are not habilitative services. A service that does not help the Covered Person to meet functional goals in a treatment plan within a prescribed time frame is not a habilitative service.

The Plan may require that a treatment plan be provided, request medical records, clinical notes, or other necessary data to allow the Plan to substantiate that initial or continued medical treatment is needed. When the treating provider anticipates that continued treatment is or will be required to permit the Covered Person to achieve demonstrable progress, the Plan may request a treatment plan consisting of diagnosis, proposed treatment by type, frequency, anticipated duration of treatment, the anticipated goals of treatment, and how frequently the treatment plan will be updated.

For purposes of this benefit, “habilitative services” means health care services that help a person keep, learn or improve skills and functioning for daily living.

■

Benefits for Durable Medical Equipment and prosthetic devices, when used as a component of habilitative services, are described under *Durable Medical Equipment* and *Prosthetic Devices* in this section.

Other than as described under Habilitative Services above, please note that the Plan will pay Benefits for speech therapy for the treatment of disorders of speech, language, voice, communication and auditory processing only when the disorder results from Injury, stroke, cancer, Congenital Anomaly, or Autism Spectrum Disorders.

Benefits are limited to:

- 60 visits per calendar year for physical, occupational and speech therapy combined; and
- \$500 per calendar year for Manipulative Treatment.

Scopic Procedures - Outpatient Diagnostic and Therapeutic

The Plan pays for diagnostic and therapeutic scopic procedures and related services received on an outpatient basis at a Hospital or Alternate Facility or in a Physician's office.

Diagnostic scopic procedures are those for visualization, biopsy and polyp removal. Examples of diagnostic scopic procedures include colonoscopy, sigmoidoscopy, and endoscopy.

Benefits under this section include:

- the facility charge and the charge for supplies and equipment; and
- Physician services for anesthesiologists, pathologists and radiologists.

Benefits for other Physician services are described in this section under *Physician Fees for Surgical and Medical Services*.

Please note that Benefits under this section do not include surgical scopic procedures, which are for the purpose of performing surgery. Benefits for surgical scopic procedures are described under *Surgery - Outpatient*. Examples of surgical scopic procedures include arthroscopy, laparoscopy, bronchoscopy, hysteroscopy.

When these services are performed for preventive screening purposes, Benefits are described in this section under *Preventive Care Services*.

Skilled Nursing Facility/Inpatient Rehabilitation Facility Services

Facility services for an Inpatient Stay in a Skilled Nursing Facility or Inpatient Rehabilitation Facility are covered by the Plan. Benefits include:

- non-Physician services and supplies received during the Inpatient Stay;
- room and board in a Semi-Private Room (a room with two or more beds); and

Benefits for other Physician services are described in this section under *Physician Fees for Surgical and Medical Services*.

UnitedHealthcare will determine if Benefits are available by reviewing both the skilled nature of the service and the need for Physician-directed medical management. A service will not be determined to be "skilled" simply because there is not an available caregiver.

Benefits are available only if:

- the initial confinement in a Skilled Nursing Facility or Inpatient Rehabilitation Facility was or will be a Cost Effective alternative to an Inpatient Stay in a Hospital; and
- you will receive skilled care services that are not primarily Custodial Care.

Skilled care is skilled nursing, skilled teaching, and skilled rehabilitation services when:

- it is ordered by a Physician;
- it is not delivered for the purpose of assisting with activities of daily living, including dressing, feeding, bathing or transferring from a bed to a chair; and
- it requires clinical training in order to be delivered safely and effectively.

You are expected to improve to a predictable level of recovery. Benefits can be denied or shortened for Covered Persons who are not progressing in goal-directed rehabilitation services or if discharge rehabilitation goals have previously been met.

Note: The Plan does not pay Benefits for Custodial Care or Domiciliary Care, even if ordered by a Physician, as defined in Section 13, *Glossary*.

Benefits are limited to 120 days per calendar year.

SECTION 8 - CLAIMS PROCEDURES

What this section includes:

- How claims work; and
- What to do if your claim is denied, in whole or in part.

When to Submit a Claim

If you receive a bill for Covered Health Services from a provider, you must send the bill to UnitedHealthcare for processing. To make sure the claim is processed promptly and accurately, a completed claim form must be attached and mailed to UnitedHealthcare at the address on the back of your ID card.

How to File Your Claim

You can obtain a claim form by visiting www.myuhc.com or calling the toll-free number on your ID card. If you do not have a claim form, simply attach a brief letter of explanation to the bill, and verify that the bill contains the information listed below. If any of these items are missing from the bill, you can include them in your letter:

- your name and address;
- the patient's name, age and relationship to the Employee;
- the number as shown on your ID card;
- the name, address and tax identification number of the provider of the service(s);
- a diagnosis from the Physician;
- the date of service;
- an itemized bill from the provider that includes:
 - the Current Procedural Terminology (CPT) codes;
 - a description of, and the charge for, each service;
 - the date the Sickness or Injury began; and
 - a statement indicating either that you are, or you are not, enrolled for coverage under any other health insurance plan or program. If you are enrolled for other coverage you must include the name and address of the other carrier(s).

Failure to provide all the information listed above may delay any reimbursement that may be due you.

For medical claims, the above information should be filed with UnitedHealthcare at the address on your ID card.

After UnitedHealthcare has processed your claim, you will receive payment for Benefits that the Plan allows. It is your responsibility to pay the provider the charges you incurred, including any difference between what you were billed and what the Plan paid.

When you assign your Benefits under the Plan to a non-Network provider with UnitedHealthcare's consent, and the non-Network provider submits a claim for payment, you and the non-Network provider represent and warrant that the Covered Health Services were actually provided and were medically appropriate.

To be recognized as a valid assignment of Benefits under the Plan, the assignment must reflect the Covered Person's agreement that the non-Network provider will be entitled to all the Covered Person's rights under the Plan and applicable state and federal laws, including legally required notices and procedural reviews concerning the Covered Person's Benefits, and that the Covered Person will no longer be entitled to those rights. If an assignment form does not comply with this requirement, but directs that your benefit payment should be made directly to the provider, UnitedHealthcare may in its discretion make payment of the benefits directly to the provider for your convenience, but will treat you, rather than the provider, as the beneficiary of your claim. If Benefits are assigned or payment to a non-Network provider is made, Lowe's Companies, Inc. reserves the right to offset Benefits to be paid to the provider by any amounts that the provider owes Lowe's Companies, Inc. pursuant to *Refund of Overpayments* in Section 10, *Coordination of Benefits*.

UnitedHealthcare will pay Benefits to you unless:

- the provider submits a claim form to UnitedHealthcare that you have provided signed authorization to assign Benefits directly to that provider; or
- you make a written request for the non-Network provider to be paid directly at the time you submit your claim.

UnitedHealthcare will only pay Benefits to you or, with written authorization by you, your Provider, and not to a third party, even if your provider purports to have assigned Benefits to that third party.

Health Statements

Each month in which UnitedHealthcare processes at least one claim for you or a covered Dependent, you will receive a Health Statement in the mail. Health Statements make it easy for you to manage your family's medical costs by providing claims information in easy-to-understand terms.

If you would rather track claims for yourself and your covered Dependents online, you may do so at www.myuhc.com. You may also elect to discontinue receipt of paper Health Statements by making the appropriate selection on this site.

Explanation of Benefits (EOB)

You may request that UnitedHealthcare send you a paper copy of an Explanation of Benefits (EOB) after processing the claim. The EOB will let you know if there is any portion of the claim you need to pay. If any claims are denied in whole or in part, the EOB will include the reason for the denial or partial payment. If you would like paper copies of the EOBs, you may call the toll-free number on your ID card to request them. You can also

view and print all of your EOBs online at www.myuhc.com. See Section 13, *Glossary* for the definition of Explanation of Benefits.

Important - Timely Filing of Claims

All claim forms must be submitted within 24 months from the date of service. Otherwise, the Plan will not pay any Benefits for that Eligible Expense, or Benefits will be reduced, as determined by UnitedHealthcare. This 24-month requirement does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Claim Denials and Appeals

If Your Claim is Denied

If a claim for Benefits is denied in part or in whole, you may call UnitedHealthcare at the number on your ID card before requesting a formal appeal. If UnitedHealthcare cannot resolve the issue to your satisfaction over the phone, you have the right to file a formal appeal as described below.

How to Appeal a Denied Claim

If you wish to appeal a denied pre-service request for Benefits, post-service claim or a rescission of coverage as described below, you or your authorized representative must submit your appeal in writing within 180 days of receiving the adverse benefit determination. You do not need to submit urgent care appeals in writing. This communication should include:

- the patient's name and ID number as shown on the ID card;
- the provider's name;
- the date of medical service;
- the reason you disagree with the denial; and
- any documentation or other written information to support your request.

You or your authorized representative may send a written request for an appeal to:

UnitedHealthcare - Appeals
 P.O. Box 30432
 Salt Lake City, UT 84130-0432

For urgent care requests for Benefits that have been denied, you or your provider can call UnitedHealthcare at the toll-free number on your ID card to request an appeal.

Types of claims

The timing of the claims appeal process is based on the type of claim you are appealing. If you wish to appeal a claim, it helps to understand whether it is an:

- urgent care request for Benefits;
- pre-service request for Benefits;
- post-service claim; or
- concurrent claim.

Review of an Appeal

UnitedHealthcare will conduct a full and fair review of your appeal. The appeal may be reviewed by:

- an appropriate individual(s) who did not make the initial benefit determination; and
- a health care professional with appropriate expertise who was not consulted during the initial benefit determination process.

Once the review is complete, if UnitedHealthcare upholds the denial, you will receive a written explanation of the reasons and facts relating to the denial.

Filing a Second Appeal

Your Plan offers two levels of appeal. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal from UnitedHealthcare within 60 days from receipt of the first level appeal determination.

Note: Upon written request and free of charge, any Covered Persons may examine documents relevant to their claim and/or appeals and submit opinions and comments. UnitedHealthcare will review all claims in accordance with the rules established by the U.S. Department of Labor.

Federal External Review Program

If, after exhausting your internal appeals, you are not satisfied with the determination made by UnitedHealthcare, or if UnitedHealthcare fails to respond to your appeal in accordance with applicable regulations regarding timing, you may be entitled to request an external review of UnitedHealthcare's determination. The process is available at no charge to you.

If one of the above conditions is met, you may request an external review of adverse benefit determinations based upon any of the following:

- clinical reasons;
- the exclusions for Experimental or Investigational Services or Unproven Services;
- rescission of coverage (coverage that was cancelled or discontinued retroactively); or
- as otherwise required by applicable law.

You or your representative may request a standard external review by sending a written request to the address set out in the determination letter. You or your representative may request an expedited external review, in urgent situations as detailed below, by calling the toll-free number on your ID card or by sending a written request to the address set out in the determination letter. A request must be made within four months after the date you received UnitedHealthcare's decision.

An external review request should include all of the following:

- a specific request for an external review;
- the Covered Person's name, address, and insurance ID number;
- your designated representative's name and address, when applicable;
- the service that was denied; and
- any new, relevant information that was not provided during the internal appeal.

An external review will be performed by an Independent Review Organization (IRO). UnitedHealthcare has entered into agreements with three or more IROs that have agreed to perform such reviews. There are two types of external reviews available:

- a standard external review; and
- an expedited external review.

Standard External Review

A standard external review is comprised of all of the following:

- a preliminary review by UnitedHealthcare of the request;
- a referral of the request by UnitedHealthcare to the IRO; and
- a decision by the IRO.

Within the applicable timeframe after receipt of the request, UnitedHealthcare will complete a preliminary review to determine whether the individual for whom the request was submitted meets all of the following:

- is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided;
- has exhausted the applicable internal appeals process; and
- has provided all the information and forms required so that UnitedHealthcare may process the request.

After UnitedHealthcare completes the preliminary review, UnitedHealthcare will issue a notification in writing to you. If the request is eligible for external review, UnitedHealthcare

will assign an IRO to conduct such review. UnitedHealthcare will assign requests by either rotating claims assignments among the IROs or by using a random selection process.

The IRO will notify you in writing of the request's eligibility and acceptance for external review. You may submit in writing to the IRO within ten business days following the date of receipt of the notice additional information that the IRO will consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted by you after ten business days.

UnitedHealthcare will provide to the assigned IRO the documents and information considered in making UnitedHealthcare's determination. The documents include:

- all relevant medical records;
- all other documents relied upon by UnitedHealthcare; and
- all other information or evidence that you or your Physician submitted. If there is any information or evidence you or your Physician wish to submit that was not previously provided, you may include this information with your external review request and UnitedHealthcare will include it with the documents forwarded to the IRO.

In reaching a decision, the IRO will review the claim anew and not be bound by any decisions or conclusions reached by UnitedHealthcare. The IRO will provide written notice of its determination (the "Final External Review Decision") within 45 days after it receives the request for the external review (unless they request additional time and you agree). The IRO will deliver the notice of Final External Review Decision to you and UnitedHealthcare, and it will include the clinical basis for the determination.

Upon receipt of a Final External Review Decision reversing UnitedHealthcare's determination, the Plan will immediately provide coverage or payment for the benefit claim at issue in accordance with the terms and conditions of the Plan, and any applicable law regarding plan remedies. If the Final External Review Decision is that payment or referral will not be made, the Plan will not be obligated to provide Benefits for the health care service or procedure.

Expedited External Review

An expedited external review is similar to a standard external review. The most significant difference between the two is that the time periods for completing certain portions of the review process are much shorter, and in some instances you may file an expedited external review before completing the internal appeals process.

You may make a written or verbal request for an expedited external review if you receive either of the following:

- an adverse benefit determination of a claim or appeal if the adverse benefit determination involves a medical condition for which the time frame for completion of an expedited internal appeal would seriously jeopardize the life or health of the individual or would jeopardize the individual's ability to regain maximum function and you have filed a request for an expedited internal appeal; or

- a final appeal decision, if the determination involves a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the individual or would jeopardize the individual's ability to regain maximum function, or if the final appeal decision concerns an admission, availability of care, continued stay, or health care service, procedure or product for which the individual received emergency services, but has not been discharged from a facility.

Immediately upon receipt of the request, UnitedHealthcare will determine whether the individual meets both of the following:

- is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided; and
- has provided all the information and forms required so that UnitedHealthcare may process the request.

After UnitedHealthcare completes the review, UnitedHealthcare will immediately send a notice in writing to you. Upon a determination that a request is eligible for expedited external review, UnitedHealthcare will assign an IRO in the same manner UnitedHealthcare utilizes to assign standard external reviews to IROs. UnitedHealthcare will provide all necessary documents and information considered in making the adverse benefit determination or final adverse benefit determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method. The IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the same type of information and documents considered in a standard external review.

In reaching a decision, the IRO will review the claim anew and not be bound by any decisions or conclusions reached by UnitedHealthcare. The IRO will provide notice of the final external review decision for an expedited external review as expeditiously as the claimant's medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request. If the initial notice is not in writing, within 48 hours after the date of providing the initial notice, the assigned IRO will provide written confirmation of the decision to you and to UnitedHealthcare.

You may contact UnitedHealthcare at the toll-free number on your ID card for more information regarding external review rights, or if making a verbal request for an expedited external review.

Timing of Appeals Determinations

Separate schedules apply to the timing of claims appeals, depending on the type of claim. There are three types of claims:

- urgent care request for Benefits - a request for Benefits provided in connection with urgent care services;
- Pre-Service request for Benefits - a request for Benefits which the Plan must approve or in which you must notify UnitedHealthcare before non-urgent care is provided; and

- Post-Service - a claim for reimbursement of the cost of non-urgent care that has already been provided.

Please note that the Claims Administrator's decision is based only on whether or not Benefits are available under the Plan for the proposed treatment or procedure. The determination as to whether the pending health service is necessary or appropriate is between you and your Physician.

You may have the right to external review through an *Independent Review Organization (IRO)* upon the completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in the Claims Administrator's decision letter to you.

Concurrent Care Claims

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an urgent care request for Benefits as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. UnitedHealthcare will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an urgent care request for Benefits and decided according to the timeframes described above. If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.

Limitation of Action

You cannot bring any legal action against Lowe's Companies, Inc. or the Claims Administrator to recover reimbursement until 90 days after you have properly submitted a request for reimbursement as described in this section and all required reviews of your claim have been completed. If you want to bring a legal action against Lowe's Companies, Inc. or the Claims Administrator, you must do so within three years from the expiration of the time period in which a request for reimbursement must be submitted or you lose any rights to bring such an action against Lowe's Companies, Inc. or the Claims Administrator.

You cannot bring any legal action against Lowe's Companies, Inc. or the Claims Administrator for any other reason unless you first complete all the steps in the appeal process described in this section. After completing that process, if you want to bring a legal action against Lowe's Companies, Inc. or the Claims Administrator you must do so within three years of the date you are notified of the final decision on your appeal or you lose any rights to bring such an action against Lowe's Companies, Inc. or the Claims Administrator.

SECTION 9 - COORDINATION OF BENEFITS (COB)

What this section includes:

- How your Benefits under this Plan coordinate with other medical plans;
- How coverage is affected if you become eligible for Medicare; and
- Procedures in the event the Plan overpays Benefits.

Coordination of Benefits (COB) applies to you if you are covered by more than one health benefits plan, including any one of the following:

- another employer sponsored health benefits plan;
- a medical component of a group long-term care plan, such as skilled nursing care;
- no-fault or traditional "fault" type medical payment benefits or personal injury protection benefits under an auto insurance policy;
- medical payment benefits under any premises liability or other types of liability coverage; or
- Medicare or other governmental health benefit.

If coverage is provided under two or more plans, COB determines which plan is primary and which plan is secondary. The plan considered primary pays its benefits first, without regard to the possibility that another plan may cover some expenses. Any remaining expenses may be paid under the other plan, which is considered secondary. The secondary plan may determine its benefits based on the benefits paid by the primary plan.

Don't forget to update your Dependents' Medical Coverage Information

Avoid delays on your Dependent claims by updating your Dependent's medical coverage information. Just log on to www.myuhc.com or call the toll-free number on your ID card to update your COB information. You will need the name of your Dependent's other medical coverage, along with the policy number.

Determining Which Plan is Primary

If you are covered by two or more plans, the benefit payment follows the rules below in this order:

- this Plan will always be secondary to medical payment coverage or personal injury protection coverage under any auto liability or no-fault insurance policy;
- when you have coverage under two or more medical plans and only one has COB provisions, the plan without COB provisions will pay benefits first;
- a plan that covers a person as an employee pays benefits before a plan that covers the person as a dependent;
- if you are receiving COBRA continuation coverage under another employer plan, this Plan will pay Benefits first;

- your dependent children will receive primary coverage from the parent whose birth date occurs first in a calendar year. If both parents have the same birth date, the plan that pays benefits first is the one that has been in effect the longest. This birthday rule applies only if:
 - the parents are married or living together whether or not they have ever been married and not legally separated; or
 - a court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage;
- if two or more plans cover a dependent child of divorced or separated parents and if there is no court decree stating that one parent is responsible for health care, the child will be covered under the plan of:
 - the parent with custody of the child; then
 - the Spouse of the parent with custody of the child; then
 - the parent not having custody of the child; then
 - the Spouse of the parent not having custody of the child;
- plans for active employees pay before plans covering laid-off or retired employees;
- the plan that has covered the individual claimant the longest will pay first; and
- finally, if none of the above rules determines which plan is primary or secondary, the allowable expenses shall be shared equally between the plans meeting the definition of Plan. In addition, this Plan will not pay more than it would have paid had it been the primary Plan.

The following examples illustrate how the Plan determines which plan pays first and which plan pays second.

Determining Primary and Secondary Plan – Examples

- 1) Let's say you and your Spouse both have family medical coverage through your respective employers. You are unwell and go to see a Physician. Since you're covered as an Employee under this Plan, and as a Dependent under your Spouse's plan, this Plan will pay Benefits for the Physician's office visit first.
- 2) Again, let's say you and your Spouse both have family medical coverage through your respective employers. You take your Dependent child to see a Physician. This Plan will look at your birthday and your Spouse's birthday to determine which plan pays first. If you were born on June 11 and your Spouse was born on May 30, your Spouse's plan will pay first.

When This Plan is Secondary

If this Plan is secondary, it determines the amount it will pay for a Covered Health Service by following the steps below.

- the Plan determines the amount it would have paid based on the allowable expense.
- if this Plan would have paid less than the primary plan paid, the Plan pays no Benefits.

- if this Plan would have paid more than the primary plan paid, the Plan will pay the difference.

You will be responsible for any Coinsurance or Deductible payments as part of the COB payment. The maximum combined payment you can receive from all plans may be less than 100% of the total allowable expense.

Determining the Allowable Expense If This Plan is Secondary

If this Plan is secondary, the allowable expense is the primary plan's Network rate. If the primary plan bases its reimbursement on reasonable and customary charges, the allowable expense is the primary plan's reasonable and customary charge. If both the primary plan and this Plan do not have a contracted rate, the allowable expense will be the greater of the two plans' reasonable and customary charges.

When the provider is a Network provider for both the primary plan and this Plan, the allowable expense is the primary plan's network rate. When the provider is a network provider for the primary plan and a non-Network provider for this Plan, the allowable expense is the primary plan's network rate. When the provider is a non-Network provider for the primary plan and a Network provider for this Plan, the allowable expense is the reasonable and customary charges allowed by the primary plan. When the provider is a non-Network provider for both the primary plan and this Plan, the allowable expense is the greater of the two Plans' reasonable and customary charges.

What is an allowable expense?

For purposes of COB, an allowable expense is a health care expense that is covered at least in part by one of the health benefit plans covering you.

When a Covered Person Qualifies for Medicare

Determining Which Plan is Primary

To the extent permitted by law, this Plan will pay Benefits second to Medicare when you become eligible for Medicare, even if you don't elect it. There are, however, Medicare-eligible individuals for whom the Plan pays Benefits first and Medicare pays benefits second:

- Employees with active current employment status age 65 or older and their Spouses age 65 or older (however, Domestic Partners are excluded as provided by Medicare);
- individuals with end-stage renal disease, for a limited period of time; and
- disabled individuals under age 65 with current employment status and their Dependents under age 65.

Determining the Allowable Expense When This Plan is Secondary to Medicare

If this Plan is secondary to Medicare, the Medicare approved amount is the allowable expense, as long as the provider accepts Medicare. If the provider does not accept Medicare, the Medicare limiting charge (the most a provider can charge you if they don't accept Medicare) will be the allowable expense. Medicare payments, combined with Plan Benefits, will not exceed 100% of the total allowable expense.

If you are eligible for, but not enrolled in, Medicare, and this Plan is secondary to Medicare, or if you have enrolled in Medicare but choose to obtain services from a provider that does not participate in the Medicare program, Benefits will be paid on a secondary basis under this Plan and will be determined as if you timely enrolled in Medicare and obtained services from a Medicare participating provider. When calculating the Plan's secondary Benefits in these circumstances, for administrative convenience United in its sole discretion may treat the provider's billed charges as the allowable expense for both the Plan and Medicare, rather than the Medicare approved amount or Medicare limiting charge.

Medicare Cross-Over Program

The Plan offers a Medicare Cross-over Program for Medicare Part A and Part B and Durable Medical Equipment (DME) claims. Under this program, you no longer have to file a separate claim with the Plan to receive secondary benefits for these expenses. Your Spouse will also have this automated cross-over, as long as he or she is eligible for Medicare and this Plan is your only secondary medical coverage.

Once the Medicare Part A and Part B and DME carriers have reimbursed your health care provider, the Medicare carrier will electronically submit the necessary information to the Claims Administrator to process the balance of your claim under the provisions of this Plan. You can verify that the automated cross-over took place when your copy of the explanation of Medicare benefits (EOMB) states your claim has been forwarded to your secondary carrier.

This cross-over process does not apply to expenses that Medicare does not cover. You must continue to file claims for these expenses.

For information about enrollment or if you have questions about the program, call the telephone number listed on the back of your ID card.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. UnitedHealthcare may get the facts needed from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other plans covering the person claiming benefits.

UnitedHealthcare does not need to tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give UnitedHealthcare any facts needed to apply those rules and determine benefits payable. If you do not provide UnitedHealthcare the information needed to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Overpayment and Underpayment of Benefits

If you are covered under more than one medical plan, there is a possibility that the other plan will pay a benefit that UnitedHealthcare should have paid. If this occurs, the Plan may pay the other plan the amount owed.

If the Plan pays you more than it owes under this COB provision, you should pay the excess back promptly. Otherwise, the Company may recover the amount in the form of salary, wages, or benefits payable under any Company-sponsored benefit plans, including this Plan. The Company also reserves the right to recover any overpayment by legal action or offset payments on future Eligible Expenses.

If the Plan overpays a health care provider, UnitedHealthcare reserves the right to recover the excess amount from the provider pursuant to *Refund of Overpayments*, below.

Refund of Overpayments

If the Plan pays for Benefits for expenses incurred on account of a Covered Person, that Covered Person, or any other person or organization that was paid, must make a refund to the Plan if:

- the Plan's obligation to pay Benefits was contingent on the expenses incurred being legally owed and paid by the Covered Person, but all or some of the expenses were not paid by the Covered Person or did not legally have to be paid by the Covered Person;
- all or some of the payment the Plan made exceeded the Benefits under the Plan; or
- all or some of the payment was made in error.

The amount that must be refunded equals the amount the Plan paid in excess of the amount that should have been paid under the Plan. If the refund is due from another person or organization, the Covered Person agrees to help the Plan get the refund when requested.

If the Covered Person, or any other person or organization that was paid, does not promptly refund the full amount owed, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, (i) future Benefits for the Covered Person that are payable under the Plan; (ii) future Benefits that are payable to other Covered Persons under the Plan; or (iii) future benefits that are payable for services provided to persons under other plans for which UnitedHealthcare makes payments, with the understanding that UnitedHealthcare will then reimburse the Plan the amount of the reallocated payment. The reallocated payment amount will equal the amount of the required refund or, if less than the full amount of the required refund, will be deducted from the amount of refund owed to the Plan. The Plan may have other rights in addition to the right to reallocate overpaid amounts and other enumerated rights, including the right to commence a legal action.

SECTION 10 - SUBROGATION AND REIMBURSEMENT

The Plan has a right to subrogation and reimbursement.

Subrogation applies when the plan has paid Benefits on your behalf for a Sickness or Injury for which a third party is alleged to be responsible. The right to subrogation means that the Plan is substituted to and shall succeed to any and all legal claims that you may be entitled to pursue against any third party for the Benefits that the Plan has paid that are related to the Sickness or Injury for which a third party is alleged to be responsible.

Subrogation - Example

Suppose you are injured in a car accident that is not your fault, and you receive Benefits under the Plan to treat your injuries. Under subrogation, the Plan has the right to take legal action in your name against the driver who caused the accident and that driver's insurance carrier to recover the cost of those Benefits.

The right to reimbursement means that if a third party causes or is alleged to have caused a Sickness or Injury for which you receive a settlement, judgment, or other recovery from any third party, you must use those proceeds to fully return to the Plan 100% of any Benefits you received for that Sickness or Injury.

Reimbursement - Example

Suppose you are injured in a boating accident that is not your fault, and you receive Benefits under the Plan as a result of your injuries. In addition, you receive a settlement in a court proceeding from the individual who caused the accident. You must use the settlement funds to return to the plan 100% of any Benefits you received to treat your injuries.

The following persons and entities are considered third parties:

- a person or entity alleged to have caused you to suffer a Sickness, Injury or damages, or who is legally responsible for the Sickness, Injury or damages;
- any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Sickness, Injury or damages;
- the Plan Sponsor (for example workers' compensation cases);
- any person or entity who is or may be obligated to provide benefits or payments to you, including benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators; and
- any person or entity that is liable for payment to you on any equitable or legal liability theory.

You agree as follows:

- You will cooperate with the Plan in protecting its legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:
 - notifying the Plan, in writing, of any potential legal claim(s) you may have against any third party for acts which caused Benefits to be paid or become payable;
 - providing any relevant information requested by the Plan;
 - signing and/or delivering such documents as the Plan or its agents reasonably request to secure the subrogation and reimbursement claim;
 - responding to requests for information about any accident or injuries;
 - making court appearances;
 - obtaining the Plan's consent or its agents' consent before releasing any party from liability or payment of medical expenses; and
 - complying with the terms of this section.

Your failure to cooperate with the Plan is considered a breach of contract. As such, the Plan has the right to terminate your Benefits, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to you or your representative not cooperating with the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.

- The Plan has a first priority right to receive payment on any claim against a third party before you receive payment from that third party. Further, the Plan's first priority right to payment is superior to any and all claims, debts or liens asserted by any medical providers, including but not limited to Hospitals or emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.
- The Plan's subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to you or your representative, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, and punitive damages. The Plan is not required to help you to pursue your claim for damages or personal injuries and no amount of associated costs, including attorneys' fees, shall be deducted from the Plan's recovery without the Plan's express written consent. No so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall defeat this right.
- Regardless of whether you have been fully compensated or made whole, the Plan may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, no matter how those proceeds are captioned or characterized. Proceeds from which the Plan may collect include, but are not limited to, economic, non-economic, and punitive damages. No "collateral source" rule, any "Made-Whole Doctrine" or "Make-Whole Doctrine," claim of unjust enrichment, nor any other equitable limitation shall limit the Plan's subrogation and reimbursement rights.

- Benefits paid by the Plan may also be considered to be Benefits advanced.
- If you receive any payment from any party as a result of Sickness or Injury, and the Plan alleges some or all of those funds are due and owed to the Plan, you shall hold those funds in trust, either in a separate bank account in your name or in your attorney's trust account. You agree that you will serve as a trustee over those funds to the extent of the Benefits the Plan has paid.
- The Plan's rights to recovery will not be reduced due to your own negligence.
- Upon the Plan's request, you will assign to the Plan all rights of recovery against third parties, to the extent of the Benefits the Plan has paid for the Sickness or Injury.
- The Plan may, at its option, take necessary and appropriate action to preserve its rights under these subrogation provisions, including but not limited to, providing or exchanging medical payment information with an insurer, the insurer's legal representative or other third party and filing suit in your name, which does not obligate the Plan in any way to pay you part of any recovery the Plan might obtain.
- You may not accept any settlement that does not fully reimburse the Plan, without its written approval.
- The Plan has the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
- In the case of your wrongful death or survival claim, the provisions of this section apply to your estate, the personal representative of your estate, and your heirs or beneficiaries.
- No allocation of damages, settlement funds or any other recovery, by you, your estate, the personal representative of your estate, your heirs, your beneficiaries or any other person or party, shall be valid if it does not reimburse the Plan for 100% of its interest unless the Plan provides written consent to the allocation.
- The provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by a third party. If a parent or guardian may bring a claim for damages arising out of a minor's Sickness or Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.
- If a third party causes or is alleged to have caused you to suffer a Sickness or Injury while you are covered under this Plan, the provisions of this section continue to apply, even after you are no longer covered.
- The Plan and all Administrators administering the terms and conditions of the Plan's subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of its discretionary authority to (1) construe and enforce the terms of the Plan's subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to the Plan.

Right of Recovery

The Plan also has the right to recover benefits it has paid on you or your Dependent's behalf that were:

- made in error;
- due to a mistake in fact;
- advanced during the time period of meeting the calendar year Deductible; or
- advanced during the time period of meeting the Out-of-Pocket Maximum for the calendar year.

Benefits paid because you or your Dependent misrepresented facts are also subject to recovery.

If the Plan provides a Benefit for you or your Dependent that exceeds the amount that should have been paid, the Plan will:

- require that the overpayment be returned when requested, or
- reduce a future benefit payment for you or your Dependent by the amount of the overpayment.

If the Plan provides an advancement of benefits to you or your Dependent during the time period of meeting the Deductible and/or meeting the Out-of-Pocket Maximum for the calendar year, the Plan will send you or your Dependent a monthly statement identifying the amount you owe with payment instructions. The Plan has the right to recover Benefits it has advanced by:

- submitting a reminder letter to you or a covered Dependent that details any outstanding balance owed to the Plan; and
- conducting courtesy calls to you or a covered Dependent to discuss any outstanding balance owed to the Plan.

SECTION 11 - WHEN COVERAGE ENDS

What this section includes:

- Circumstances that cause coverage to end; and
- How to continue coverage after it ends.

Your entitlement to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date.

When your coverage ends, Lowe's Companies, Inc. will still pay claims for Covered Health Services that you received before your coverage ended. However, once your coverage ends, Benefits are not provided for health services that you receive after coverage ended, even if the underlying medical condition occurred before your coverage ended.

Your coverage under the Plan will end on the earliest of:

- the date your employment with the Company ends;
- the date the Plan ends;
- the date you stop making the required contributions;
- the date you are no longer eligible;
- the date UnitedHealthcare receives written notice from Lowe's Companies, Inc. to end your coverage, or the date requested in the notice, if later; or
- the date you retire or are pensioned under the Plan, unless specific coverage is available for retired or pensioned persons and you are eligible for that coverage.

Coverage for your eligible Dependents will end on the earliest of:

- the date your coverage ends;
- the last day of the month you stop making the required contributions;
- the last day of the month UnitedHealthcare receives written notice from Lowe's Companies, Inc. to end your coverage, or the date requested in the notice, if later; or
- the last day of the month your Dependents no longer qualify as Dependents under this Plan.

Other Events Ending Your Coverage

The Plan will provide prior written notice to you that your coverage will end on the date identified in the notice if:

- you commit an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact including, but not limited to, false information relating to another person's eligibility or status as a Dependent; or

- you commit an act of physical or verbal abuse that imposes a threat to Lowe's Companies, Inc.'s staff, UnitedHealthcare's staff, a provider or another Covered Person.

Note: Lowe's Companies, Inc. has the right to demand that you pay back Benefits Lowe's Companies, Inc. paid to you, or paid in your name, during the time you were incorrectly covered under the Plan.

Coverage for a Disabled Child

If an unmarried enrolled Dependent child with a mental or physical disability reaches an age when coverage would otherwise end, the Plan will continue to cover the child, as long as:

- the child is unable to be self-supporting due to a mental or physical handicap or disability;
- the child depends mainly on you for support;
- you provide to Lowe's Companies, Inc. proof of the child's incapacity and dependency within 31 days of the date coverage would have otherwise ended because the child reached a certain age; and
- you provide proof, upon Lowe's Companies, Inc.'s request, that the child continues to meet these conditions.

The proof might include medical examinations at Lowe's Companies, Inc.'s expense. However, you will not be asked for this information more than once a year. If you do not supply such proof within 31 days, the Plan will no longer pay Benefits for that child.

Coverage will continue, as long as the enrolled Dependent is incapacitated and dependent upon you, unless coverage is otherwise terminated in accordance with the terms of the Plan.

Continuing Coverage Through COBRA

If you lose your Plan coverage, you may have the right to extend it under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), as defined in Section 13, *Glossary*.

Continuation coverage under COBRA is available only to Plans that are subject to the terms of COBRA. You can contact your Plan Administrator to determine if Lowe's Companies, Inc. is subject to the provisions of COBRA.

Continuation Coverage under Federal Law (COBRA)

Much of the language in this section comes from the federal law that governs continuation coverage. You should call your Plan Administrator if you have questions about your right to continue coverage.

In order to be eligible for continuation coverage under federal law, you must meet the definition of a "Qualified Beneficiary". A Qualified Beneficiary is any of the following persons who were covered under the Plan on the day before a qualifying event:

- an Employee;

- an Employee's enrolled Dependent, including with respect to the Employee's children, a child born to or placed for adoption with the Employee during a period of continuation coverage under federal law; or
- an Employee's former Spouse.

Qualifying Events for Continuation Coverage under COBRA

The following table outlines situations in which you may elect to continue coverage under COBRA for yourself and your Dependents, and the maximum length of time you can receive continued coverage. These situations are considered qualifying events.

If Coverage Ends Because of the Following Qualifying Events:	You May Elect COBRA:		
	For Yourself	For Your Spouse	For Your Child(ren)
Your work hours are reduced	18 months	18 months	18 months
Your employment terminates for any reason (other than gross misconduct)	18 months	18 months	18 months
You or your family member become eligible for Social Security disability benefits at any time within the first 60 days of losing coverage ¹	29 months	29 months	29 months
You die	N/A	36 months	36 months
You divorce (or legally separate)	N/A	36 months	36 months
Your child is no longer an eligible family member (e.g., reaches the maximum age limit)	N/A	N/A	36 months
You become entitled to Medicare	N/A	See table below	See table below
Lowe's Companies, Inc. files for bankruptcy under Title 11, United States Code. ²	36 months	36 months ³	36 months ³

¹Subject to the following conditions: (i) notice of the disability must be provided within the latest of 60 days after a). the determination of the disability, b). the date of the qualifying event, c). the date the Qualified Beneficiary would lose coverage under the Plan, and in no event later than the end of the first 18 months; (ii) the Qualified Beneficiary must agree to pay any increase in the required premium for the additional 11 months over the original 18 months; and (iii) if the Qualified Beneficiary entitled to the 11 months of coverage has non-disabled family members who are also Qualified Beneficiaries, then those non-disabled Qualified Beneficiaries are also

entitled to the additional 11 months of continuation coverage. Notice of any final determination that the Qualified Beneficiary is no longer disabled must be provided within 30 days of such determination. Thereafter, continuation coverage may be terminated on the first day of the month that begins more than 30 days after the date of that determination.

²This is a qualifying event for any retired Employee and his or her enrolled Dependents if there is a substantial elimination of coverage within one year before or after the date the bankruptcy was filed.

³From the date of the Employee's death if the Employee dies during the continuation coverage.

How Your Medicare Eligibility Affects Dependent COBRA Coverage

The table below outlines how your Dependents' COBRA coverage is impacted if you become entitled to Medicare.

If Dependent Coverage Ends When:	You May Elect COBRA Dependent Coverage For Up To:
You become entitled to Medicare and don't experience any additional qualifying events	18 months
You become entitled to Medicare, after which you experience a second qualifying event* before the initial 18-month period expires	36 months
You experience a qualifying event*, after which you become entitled to Medicare before the initial 18-month period expires; and, if absent this initial qualifying event, your Medicare entitlement would have resulted in loss of Dependent coverage under the Plan	36 months

* Your work hours are reduced or your employment is terminated for reasons other than gross misconduct.

Getting Started

You will be notified by mail if you become eligible for COBRA coverage as a result of a reduction in work hours or termination of employment. The notification will give you instructions for electing COBRA coverage, and advise you of the monthly cost. Your monthly cost is the full cost, including both Employee and Employer costs, plus a 2% administrative fee or other cost as permitted by law.

You will have up to 60 days from the date you receive notification or 60 days from the date your coverage ends to elect COBRA coverage, whichever is later. You will then have an additional 45 days to pay the cost of your COBRA coverage, retroactive to the date your Plan coverage ended.

During the 60-day election period, the Plan will, only in response to a request from a provider, inform that provider of your right to elect COBRA coverage, retroactive to the date your COBRA eligibility began.

While you are a participant in the medical Plan under COBRA, you have the right to change your coverage election:

- during Open Enrollment; and
- following a change in family status, as described under *Changing Your Coverage* in Section 2, *Introduction*.

Notification Requirements

If your covered Dependents lose coverage due to divorce, legal separation, or loss of Dependent status, you or your Dependents must notify the Plan Administrator within 60 days of the latest of:

- the date of the divorce, legal separation or an enrolled Dependent's loss of eligibility as an enrolled Dependent;
- the date your enrolled Dependent would lose coverage under the Plan; or
- the date on which you or your enrolled Dependent are informed of your obligation to provide notice and the procedures for providing such notice.

You or your Dependents must also notify the Plan Administrator when a qualifying event occurs that will extend continuation coverage.

If you or your Dependents fail to notify the Plan Administrator of these events within the 60-day period, the Plan Administrator is not obligated to provide continued coverage to the affected Qualified Beneficiary. If you are continuing coverage under federal law, you must notify the Plan Administrator within 60 days of the birth or adoption of a child.

Once you have notified the Plan Administrator, you will then be notified by mail of your election rights under COBRA.

Notification Requirements for Disability Determination

If you extend your COBRA coverage beyond 18 months because you are eligible for disability benefits from Social Security, you must provide HR Shared Services with notice of the Social Security Administration's determination within 60 days after you receive that determination, and before the end of your initial 18-month continuation period.

The notice requirements will be satisfied by providing written notice to the Plan Administrator at the address stated in Section 14, *Important Administrative Information: ERISA*. The contents of the notice must be such that the Plan Administrator is able to determine the covered Employee and qualified beneficiary(ies), the qualifying event or disability, and the date on which the qualifying event occurred.

Trade Act of 2002

The Trade Act of 2002 amended COBRA to provide for a special second 60-day COBRA election period for certain Employees who have experienced a termination or reduction of hours and who lose group health plan coverage as a result. The special second COBRA election period is available only to a very limited group of individuals: generally, those who are receiving trade adjustment assistance (TAA) or 'alternative trade adjustment assistance' under a federal law called the Trade Act of 1974. These Employees are entitled to a second opportunity to elect COBRA coverage for themselves and certain family members (if they did not already elect COBRA coverage), but only within a limited period of 60 days from the first day of the month when an individual begins receiving TAA (or would be eligible to receive TAA but for the requirement that unemployment benefits be exhausted) and only during the six months immediately after their group health plan coverage ended.

If an Employee qualifies or may qualify for assistance under the Trade Act of 1974, he or she should contact the Plan Administrator for additional information. The Employee must contact the Plan Administrator promptly after qualifying for assistance under the Trade Act of 1974 or the Employee will lose his or her special COBRA rights. COBRA coverage elected during the special second election period is not retroactive to the date that Plan coverage was lost, but begins on the first day of the special second election period.

When COBRA Ends

COBRA coverage will end, before the maximum continuation period, on the earliest of the following dates:

- the date, after electing continuation coverage, that coverage is first obtained under any other group health plan;
- the date, after electing continuation coverage, that you or your covered Dependent first becomes entitled to Medicare;
- the date coverage ends for failure to make the first required premium (premium is not paid within 45 days);
- the date coverage ends for failure to make any other monthly premium (premium is not paid within 30 days of its due date);
- the date the entire Plan ends; or
- the date coverage would otherwise terminate under the Plan as described in the beginning of this section.

Note: If you selected continuation coverage under a prior plan which was then replaced by coverage under this Plan, continuation coverage will end as scheduled under the prior plan or in accordance with the terminating events listed in this section, whichever is earlier.

Uniformed Services Employment and Reemployment Rights Act

An Employee who is absent from employment for more than 30 days by reason of service in the Uniformed Services may elect to continue Plan coverage for the Employee and the

Employee's Dependents in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended (USERRA).

The terms "Uniformed Services" or "Military Service" mean the Armed Forces, the Army National Guard and the Air National Guard when engaged in active duty for training, inactive duty training, or full-time National Guard duty, the commissioned corps of the Public Health Service, and any other category of persons designated by the President in time of war or national emergency.

If qualified to continue coverage pursuant to the USERRA, Employees may elect to continue coverage under the Plan by notifying the Plan Administrator in advance, and providing payment of any required contribution for the health coverage. This may include the amount the Plan Administrator normally pays on an Employee's behalf. If an Employee's Military Service is for a period of time less than 31 days, the Employee may not be required to pay more than the regular contribution amount, if any, for continuation of health coverage.

An Employee may continue Plan coverage under USERRA for up to the lesser of:

- the 24-month period beginning on the date of the Employee's absence from work; or
- the day after the date on which the Employee fails to apply for, or return to, a position of employment.

Regardless of whether an Employee continues health coverage, if the Employee returns to a position of employment, the Employee's health coverage and that of the Employee's eligible Dependents will be reinstated under the Plan. No exclusions or waiting period may be imposed on an Employee or the Employee's eligible Dependents in connection with this reinstatement, unless a Sickness or Injury is determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, the performance of military service.

You should call the Plan Administrator if you have questions about your rights to continue health coverage under USERRA.

SECTION 12 - OTHER IMPORTANT INFORMATION

What this section includes:

- Court-ordered Benefits for Dependent children;
- Your relationship with UnitedHealthcare and Lowe's Companies, Inc.;
- Relationships with providers;
- Interpretation of Benefits;
- Information and records;
- Incentives to providers and you;
- The future of the Plan; and
- How to access the official Plan documents.

Qualified Medical Child Support Orders (QMCSOs)

A qualified medical child support order (QMCSO) is a judgment, decree or order issued by a court or appropriate state agency that requires a child to be covered for medical benefits. Generally, a QMCSO is issued as part of a paternity, divorce, or other child support settlement.

If the Plan receives a medical child support order for your child that instructs the Plan to cover the child, the Plan Administrator will review it to determine if it meets the requirements for a QMCSO. If it determines that it does, your child will be enrolled in the Plan as your Dependent, and the Plan will be required to pay Benefits as directed by the order.

You may obtain, without charge, a copy of the procedures governing QMCSOs from the Plan Administrator.

Note: A National Medical Support Notice will be recognized as a QMCSO if it meets the requirements of a QMCSO.

Your Relationship with UnitedHealthcare and Lowe's Companies, Inc.

In order to make choices about your health care coverage and treatment, Lowe's Companies, Inc. believes that it is important for you to understand how UnitedHealthcare interacts with the Plan Sponsor's benefit Plan and how it may affect you. UnitedHealthcare helps administer the Plan Sponsor's benefit plan in which you are enrolled. UnitedHealthcare does not provide medical services or make treatment decisions. This means:

- Lowe's Companies, Inc. and UnitedHealthcare do not decide what care you need or will receive. You and your Physician make those decisions;
- UnitedHealthcare communicates to you decisions about whether the Plan will cover or pay for the health care that you may receive (the Plan pays for Covered Health Services, which are more fully described in this SPD); and

- the Plan may not pay for all treatments you or your Physician may believe are necessary. If the Plan does not pay, you will be responsible for the cost.

Lowe's Companies, Inc. and UnitedHealthcare may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. Lowe's Companies, Inc. and UnitedHealthcare will use individually identifiable information about you as permitted or required by law, including in operations and in research. Lowe's Companies, Inc. and UnitedHealthcare will use de-identified data for commercial purposes including research.

Relationship with Providers

The relationships between Lowe's Companies, Inc., UnitedHealthcare and Network providers are solely contractual relationships between independent contractors. Network providers are not Lowe's Companies, Inc.'s agents or employees, nor are they agents or employees of UnitedHealthcare. Lowe's Companies, Inc. and any of its employees are not agents or employees of Network providers, nor are UnitedHealthcare and any of its employees' agents or employees of Network providers.

Lowe's Companies, Inc. and UnitedHealthcare do not provide health care services or supplies, nor do they practice medicine. Instead, Lowe's Companies, Inc. and UnitedHealthcare arrange for health care providers to participate in a Network and pay Benefits. Network providers are independent practitioners who run their own offices and facilities. UnitedHealthcare's credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided. They are not Lowe's Companies, Inc.'s employees nor are they employees of UnitedHealthcare. Lowe's Companies, Inc. and UnitedHealthcare do not have any other relationship with Network providers such as principal-agent or joint venture. Lowe's Companies, Inc. and UnitedHealthcare are not liable for any act or omission of any provider.

UnitedHealthcare is not considered to be an employer of the Plan Administrator for any purpose with respect to the administration or provision of benefits under this Plan.

Lowe's Companies, Inc. is solely responsible for:

- enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage);
- the timely payment of Benefits; and
- notifying you of the termination or modifications to the Plan.

Your Relationship with Providers

The relationship between you and any provider is that of provider and patient. Your provider is solely responsible for the quality of the services provided to you. You:

- are responsible for choosing your own provider;

- are responsible for paying, directly to your provider, any amount identified as a member responsibility, including Coinsurance, any Annual Deductible and any amount that exceeds Eligible Expenses;
- are responsible for paying, directly to your provider, the cost of any non-Covered Health Service;
- must decide if any provider treating you is right for you (this includes Network providers you choose and providers to whom you have been referred); and
- must decide with your provider what care you should receive.

Interpretation of Benefits

Lowe's Companies, Inc. and UnitedHealthcare have the sole and exclusive discretion to:

- interpret Benefits under the Plan;
- interpret the other terms, conditions, limitations and exclusions of the Plan, including this SPD and any Riders and/or Amendments; and
- make factual determinations related to the Plan and its Benefits.

Lowe's Companies, Inc. and UnitedHealthcare may delegate this discretionary authority to other persons or entities that provide services in regard to the administration of the Plan.

In certain circumstances, for purposes of overall cost savings or efficiency, Lowe's Companies, Inc. may, in its discretion, offer Benefits for services that would otherwise not be Covered Health Services. The fact that Lowe's Companies, Inc. does so in any particular case shall not in any way be deemed to require Lowe's Companies, Inc. to do so in other similar cases.

Information and Records

Lowe's Companies, Inc. and UnitedHealthcare may use your individually identifiable health information to administer the Plan and pay claims, to identify procedures, products, or services that you may find valuable, and as otherwise permitted or required by law. Lowe's Companies, Inc. and UnitedHealthcare may request additional information from you to decide your claim for Benefits. Lowe's Companies, Inc. and UnitedHealthcare will keep this information confidential. Lowe's Companies, Inc. and UnitedHealthcare may also use your de-identified data for commercial purposes, including research, as permitted by law.

By accepting Benefits under the Plan, you authorize and direct any person or institution that has provided services to you to furnish Lowe's Companies, Inc. and UnitedHealthcare with all information or copies of records relating to the services provided to you. Lowe's Companies, Inc. and UnitedHealthcare have the right to request this information at any reasonable time. This applies to all Covered Persons, including enrolled Dependents whether or not they have signed the Employee's enrollment form. Lowe's Companies, Inc. and UnitedHealthcare agree that such information and records will be considered confidential.

Lowe's Companies, Inc. and UnitedHealthcare have the right to release any and all records concerning health care services which are necessary to implement and administer the terms of the Plan, for appropriate medical review or quality assessment, or as Lowe's Companies, Inc. is required to do by law or regulation. During and after the term of the Plan, Lowe's Companies, Inc. and UnitedHealthcare and its related entities may use and transfer the information gathered under the Plan in a de-identified format for commercial purposes, including research and analytic purposes.

For complete listings of your medical records or billing statements Lowe's Companies, Inc. recommends that you contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from UnitedHealthcare, they also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, Lowe's Companies, Inc. and UnitedHealthcare will designate other persons or entities to request records or information from or related to you, and to release those records as necessary. UnitedHealthcare's designees have the same rights to this information as does the Plan Administrator.

Incentives to You

Sometimes you may be offered coupons or other incentives to encourage you to participate in various wellness programs or certain disease management programs. The decision about whether or not to participate is yours alone but Lowe's Companies, Inc. recommends that you discuss participating in such programs with your Physician. These incentives are not Benefits and do not alter or affect your Benefits. You may call the number on the back of your ID card if you have any questions.

Rebates and Other Payments

Lowe's Companies, Inc. and UnitedHealthcare may receive rebates for certain drugs that are administered to you in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet your Annual Deductible. Lowe's Companies, Inc. and UnitedHealthcare do not pass these rebates on to you, nor are they applied to your Annual Deductible or taken into account in determining your Coinsurance.

Workers' Compensation Not Affected

Benefits provided under the Plan do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

Future of the Plan

Although the Company expects to continue the Plan indefinitely, it reserves the right to discontinue, alter or modify the Plan in whole or in part, at any time and for any reason, at its sole determination.

The Company's decision to terminate or amend a Plan may be due to changes in federal or state laws governing employee benefits, the requirements of the Internal Revenue Code or any other reason. A plan change may transfer plan assets and debts to another plan or split a plan into two or more parts. If the Company does change or terminate a plan, it may decide to set up a different plan providing similar or different benefits.

If this Plan is terminated, Covered Persons will not have the right to any other Benefits from the Plan, other than for those claims incurred prior to the date of termination, or as otherwise provided under the Plan. In addition, if the Plan is amended, Covered Persons may be subject to altered coverage and Benefits.

The amount and form of any final benefit you receive will depend on any Plan document or contract provisions affecting the Plan and Company decisions. After all Benefits have been paid and other requirements of the law have been met, certain remaining Plan assets will be turned over to the Company and others as may be required by any applicable law.

Plan Document

This Summary Plan Description (SPD) represents an overview of your Benefits. In the event there is a discrepancy between the SPD and the official plan document, the plan document will govern. A copy of the plan document is available for your inspection during regular business hours in the office of the Plan Administrator. You (or your personal representative) may obtain a copy of this document by written request to the Plan Administrator, for a nominal charge.

SECTION 13 - GLOSSARY

What this section includes:

- Definitions of terms used throughout this SPD.

Many of the terms used throughout this SPD may be unfamiliar to you or have a specific meaning with regard to the way the Plan is administered and how Benefits are paid. This section defines terms used throughout this SPD, but it does not describe the Benefits provided by the Plan.

Addendum – any attached written description of additional or revised provisions to the Plan. The benefits and exclusions of this SPD and any amendments thereto shall apply to the Addendum except that in the case of any conflict between the Addendum and SPD and/or Amendments to the SPD, the Addendum shall be controlling.

Alternate Facility – a health care facility that is not a Hospital and that provides one or more of the following services on an outpatient basis, as permitted by law:

- surgical services;
- Emergency Health Services; or
- rehabilitative, laboratory, diagnostic or therapeutic services.

An Alternate Facility may also provide Mental Health or Substance Use Disorder Services on an outpatient basis or inpatient basis (for example a Residential Treatment Facility).

Amendment – any attached written description of additional or alternative provisions to the Plan. Amendments are effective only when distributed by the Plan Sponsor or the Plan Administrator. Amendments are subject to all conditions, limitations and exclusions of the Plan, except for those that the amendment is specifically changing.

Annual Deductible (or Deductible) – the amount of Eligible Expenses you must pay for Covered Health Services in a calendar year before you are eligible to begin receiving Benefits in that calendar year. The Deductible is shown in the first table in Section 5, *Plan Highlights*. The Deductible applies to all Covered Health Services under the Plan, including covered health services provided under your separate prescription drug coverage.

Autism Spectrum Disorders - a condition marked by enduring problems communicating and interacting with others, along with restricted and repetitive behavior, interests or activities.

Clinical Trial – a scientific study designed to identify new health services that improve health outcomes. In a Clinical Trial, two or more treatments are compared to each other and the patient is not allowed to choose which treatment will be received.

Cosmetic Procedures – procedures or services that change or improve appearance without significantly improving physiological function, as determined by the Claims Administrator. Reshaping a nose with a prominent bump is a good example of a Cosmetic Procedure because appearance would be improved, but there would be no improvement in function like breathing.

Cost-Effective – the least expensive equipment that performs the necessary function. This term applies to Durable Medical Equipment and prosthetic devices.

Covered Health Services – those health services, including services, supplies or Pharmaceutical Products, which the Claims Administrator determines to be:

- provided for the purpose of preventing, diagnosing or treating Sickness, Injury, Mental Illness, Substance Use Disorders, or their symptoms;

- provided to a Covered Person who meets the Plan's eligibility requirements, as described under *Eligibility* in Section 2, *Introduction*; and
- not identified in Section 7, *Exclusions*.

In applying the above definition, "scientific evidence" and "prevailing medical standards" have the following meanings:

- "scientific evidence" means the results of controlled Clinical Trials or other studies published in peer-reviewed, medical literature generally recognized by the relevant medical specialty community; and
- "prevailing medical standards and clinical guidelines" means nationally recognized professional standards of care including, but not limited to, national consensus statements, nationally recognized clinical guidelines, and national specialty society guidelines.

The Claims Administrator maintains clinical protocols that describe the scientific evidence, prevailing medical standards and clinical guidelines supporting its determinations regarding specific services. You can access these clinical protocols (as revised from time to time) on www.myuhc.com or by calling the number on the back of your ID card. This information is available to Physicians and other health care professionals on UnitedHealthcareOnline.

- provide assistance in activities of daily living (including but not limited to feeding, dressing, bathing, ostomy care, incontinence care, checking of routine vital signs, transferring and ambulating);
- are provided for the primary purpose of meeting the personal needs of the patient or maintaining a level of function (even if the specific services are considered to be skilled services), as opposed to improving that function to an extent that might allow for a more independent existence; or
- do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

Deductible – see Annual Deductible.

UnitedHealthcare develops the reimbursement policy guidelines, in UnitedHealthcare’s discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- as indicated in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association, and/or the Centers for Medicare and Medicaid Services (CMS);
- as reported by generally recognized professionals or publications;

Exceptions:

- Clinical Trials for which Benefits are available as described under *Clinical Trials* in Section 5, *Additional Coverage Details*.
- If you are not a participant in a qualifying Clinical Trial as described under Section 6, *Additional Coverage Details*, and have a Sickness or condition that is likely to cause death within one year of the request for treatment, the Claims Administrator may, at its discretion, consider an otherwise Experimental or Investigational Service to be a

Covered Health Service for that Sickness or condition. Prior to such consideration, the Claims Administrator must determine that, although unproven, the service has significant potential as an effective treatment for that Sickness or condition.

Explanation of Benefits (EOB) – a statement provided by UnitedHealthcare to you, your Physician, or another health care professional that explains:

- the Benefits provided (if any);
- the allowable reimbursement amounts;
- Deductibles;

Please note: Any podiatrist, dentist, psychologist, chiropractor, optometrist or other provider who acts within the scope of his or her license will be considered on the same basis as a Physician. The fact that a provider is described as a Physician does not mean that Benefits for services from that provider are available to you under the Plan.

Plan – The Lowe's Companies, Inc. Medical Plan.

Plan Administrator – Lowe's Companies, Inc. or its designee.

Plan Sponsor – Lowe's Companies, Inc.

Pregnancy – includes prenatal care, postnatal care, childbirth, and any complications associated with the above.

Private Duty Nursing – nursing care that is provided to a patient on a one-to-one basis by licensed nurses in a home setting when any of the following are true:

- no skilled services are identified;
- skilled nursing resources are available in the facility;
- the skilled care can be provided by a Home Health Agency on a per visit basis for a specific purpose; or
- the service is provided to a Covered Person by an independent nurse who is hired directly by the Covered Person or his/her family. This includes nursing services provided on a home-care basis, whether the service is skilled or non-skilled independent nursing.

Reconstructive Procedure – a procedure performed to address a physical impairment where the expected outcome is restored or improved function. The primary purpose of a Reconstructive Procedure is either to treat a medical condition or to improve or restore physiologic function. Reconstructive Procedures include surgery or other procedures which are associated with an Injury, Sickness or Congenital Anomaly. The primary result of the procedure is not changed or improved physical appearance. The fact that a person may suffer psychologically as a result of the impairment does not classify surgery or any other procedure done to relieve the impairment as a Reconstructive Procedure.

Residential Treatment Facility – a facility which provides a program of effective Mental Health Services or Substance Use Disorder Services treatment and which meets all of the following requirements:

- it is established and operated in accordance with applicable state law for residential treatment programs;
- it provides a program of treatment under the active participation and direction of a Physician and approved by the Mental Health/Substance Use Disorder Administrator;
- it has or maintains a written, specific and detailed treatment program requiring full-time residence and full-time participation by the patient; and
- it provides at least the following basic services in a 24-hour per day, structured milieu:
 - room and board;
 - evaluation and diagnosis;
 - counseling; and
 - referral and orientation to specialized community resources.

A Residential Treatment Facility that qualifies as a Hospital is considered a Hospital.

Semi-private Room - a room with two or more beds. When an Inpatient Stay in a Semi-Private Room is a Covered Health Service, the difference in cost between a Semi-Private Room and a private room is a benefit only when a private room is necessary in terms of generally accepted medical practice, or when a Semi-Private Room is not available.

Shared Savings Program - the Shared Savings Program provides access to discounts from non-Network Physicians who participate in that program. UnitedHealthcare will use the Shared Savings Program to pay claims when doing so will lower Eligible Expenses. While UnitedHealthcare might negotiate lower Eligible Expenses for Non-Network Benefits, the Coinsurance will stay the same as described in Section 5, *Plan Highlights*.

UnitedHealthcare does not credential the Shared Savings Program providers and the Shared Savings Program providers are not Network providers. Accordingly, in benefit plans that have both Network and non-Network levels of Benefits, Benefits for Covered Health Services provided by Shared Savings Program providers will be paid at the non-Network Benefit level (except in situations when Benefits for Covered Health Services provided by non-Network providers are payable at Network Benefit levels, as in the case of Emergency Health Services). When UnitedHealthcare uses the Shared Savings Program to pay a claim, the patient responsibility is limited to Coinsurance calculated on the contracted rate paid to the provider, in addition to any required Annual Deductible.

Sickness – physical illness, disease or Pregnancy. The term Sickness as used in this SPD includes Mental Illness or substance-related and addictive disorders, regardless of the cause or origin of the Mental Illness or substance-related and addictive disorders.

Skilled Care – skilled nursing, teaching, and rehabilitation services when:

- they are delivered or supervised by licensed technical or professional medical personnel in order to obtain the specified medical outcome and provide for the safety of the patient;
- a Physician orders them;
- they are not delivered for the purpose of assisting with activities of daily living, including dressing, feeding, bathing or transferring from a bed to a chair;
- they require clinical training in order to be delivered safely and effectively; and
- they are not Custodial Care, as defined in this section.

Skilled Nursing Facility – a nursing facility that is licensed and operated as required by law. A Skilled Nursing Facility that is part of a Hospital is considered a Skilled Nursing Facility for purposes of the Plan.

Spouse – an individual to whom you are legally married or a Domestic Partner as defined in this section.

Substance Use Disorder Services - Covered Health Services for the diagnosis and treatment of alcoholism and substance-related and addictive disorders that are listed in the current *Diagnostic and Statistical Manual of the American Psychiatric Association*, unless those services are specifically excluded.

Transitional Care – Mental Health Services/Substance Use Disorder Services that are provided through transitional living facilities, group homes and supervised apartments that provide 24-hour supervision that are either:

- sober living arrangements such as drug-free housing, alcohol/drug halfway houses. These are transitional, supervised living arrangements that provide stable and safe housing, an alcohol/drug-free environment and support for recovery. A sober living arrangement may be utilized as an adjunct to ambulatory treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery; or
- supervised living arrangement which are residences such as transitional living facilities, group homes and supervised apartments that provide members with stable and safe housing and the opportunity to learn how to manage their activities of daily living. Supervised living arrangements may be utilized as an adjunct to treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.

Unproven Services – health services, including medications that are determined not to be effective for treatment of the medical condition and/or not to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature:

- Well-conducted randomized controlled trials are two or more treatments compared to each other, with the patient not being allowed to choose which treatment is received.
- Well-conducted cohort studies from more than one institution are studies in which patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.

UnitedHealthcare has a process by which it compiles and reviews clinical evidence with respect to certain health services. From time to time, UnitedHealthcare issues medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at www.myuhc.com.

Please note: If you have a life threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment), UnitedHealthcare may, at its discretion, consider an otherwise Unproven Service to be a Covered Health Service for that Sickness or condition. Prior to such a consideration, UnitedHealthcare must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or condition.

The decision about whether such a service can be deemed a Covered Health Service is solely at UnitedHealthcare's discretion. Other apparently similar promising but unproven services may not qualify.

Urgent Care – treatment of an unexpected Sickness or Injury that is not life-threatening but requires outpatient medical care that cannot be postponed. An urgent situation requires prompt medical attention to avoid complications and unnecessary suffering, such as high fever, a skin rash, or an ear infection.

Urgent Care Center – a facility that provides Urgent Care services, as previously defined in this section. In general, Urgent Care Centers:

- do not require an appointment;
- are open outside of normal business hours, so you can get medical attention for minor illnesses that occur at night or on weekends; and
- provide an alternative if you need immediate medical attention, but your Physician cannot see you right away.

Your ERISA Rights

As a participant in the Plan, you are entitled to certain rights and protections under ERISA. ERISA provides that all Plan participants shall be permitted to:

- receive information about Plan Benefits;
- examine, without charge, at the Plan Administrator's office and at other specified worksites, all plan documents – including pertinent insurance contracts, collective bargaining agreements (if applicable), and other documents available at the Public Disclosure Room of the Employee Benefits Security Administration; and
- obtain copies of all Plan documents and other Plan information, including insurance contracts and collective bargaining agreements (if applicable), and updated Summary Plan Descriptions, by writing to the Plan Administrator. The Plan Administrator may make a reasonable charge for copies.

You can continue health care coverage for yourself, Spouse or Dependents if there is a loss of coverage under the Plan as a result of a qualifying event. You or your Dependents may have to pay for such coverage. Review this Summary Plan Description and the Plan documents to understand the rules governing your COBRA continuation coverage rights.

In addition to creating rights for Plan participants, ERISA imposes duties on the people who are responsible for the operation of the Plan. The people who operate your Plan, who are called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of you and

other Plan participants and beneficiaries. No one, including your Employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a Plan Benefit or exercising your rights under ERISA.

If your claim for a Plan Benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules. See Section 8, *Claims Procedures*, for details.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of the plan document from the Plan, and do not receive it within 30 days, you may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to \$110 a day until you receive the materials, unless the materials were not sent for reasons beyond the control of the Plan Administrator.

If you have a claim for Benefits, which is denied or ignored, in whole or in part, and you have exhausted the administrative remedies available under the Plan, you may file suit in a state or federal court. In addition, if you disagree with the Plan's decision or lack thereof concerning the qualified status of a domestic relations order, you may file suit in federal court. If it should happen that the Plan's fiduciaries misuse the Plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court.

The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees; for example, if it finds your claim is frivolous.

If you have any questions about your Plan, you should contact the Plan Administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the Plan Administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory, or write to the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W. Washington, DC 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration at (866) 444-3272.

The Plan's Benefits are administered by Lowe's Companies, Inc., the Plan Administrator. UnitedHealthcare is the Claims Administrator and processes claims for the Plan and provides appeal services; however, UnitedHealthcare and Lowe's Companies, Inc. are not responsible for any decision you or your Dependents make to receive treatment, services or supplies from a provider. UnitedHealthcare and Lowe's Companies, Inc. are neither liable nor responsible for the treatment, services or supplies you receive from providers.
